

Innovation From ZOT

Stop wasting time and money fixing and replacing those old-fashioned Ball Return Starter Pads and experience an evolution in Kicker Ball Return Systems. . .

ZOT's Revolutionary Saw Tooth Ball Return Starter Pad

Kicker Style Ball Return Systems

- **Saw Tooth:** Designed to create a Ratchet like affect that prevents ball slippage, thereby ensuring a positive drive to the starter pad very similar to a rack and pinion.
- **Urethane Formula:** The Urethane used in ZOT's Saw Tooth Starter Pad, is specially formulated Blue Diamond Urethane to retard oil and have incomparable gripping power.
- **Easy-To-Install:** This starter pad is a direct replacement for the 000-024-628. No modifications needed, just remove the old pad from the front filler and install the New Saw Tooth Ball Return Starter Pad.

- **Fewer Ball Calls:** The ZOT Saw Tooth Ball Return Starter Pad significantly enhances the assembly's ability to return ball after ball after ball.
